5. Governance

IMI-D was registered on 19th September, 1981 as an autonomous, 'Not for Profit' educational society under the Societies Registration Act 1860. The parent body or the supreme authority in IMI-D is the IMI Society. The Institute is governed by the Board of Governors who are appointed on the advice of the supreme body of IMI i.e. the IMI Society. Society meetings are generally held once a year to transact the following business.

Consideration and approval of the annual report and audited statement of accounts for the outgoing year.

Election of new Governors in place of those retiring.

Appointment of auditors for the ensuing year and fixation of their remuneration.

Other Business on the agenda given in the notice for the meeting.

The Board of Governors ensures the overall control of all affairs of the Institute, such as properties, assets and funds and is empowered to act for the Institute in all matters. The Board has the following powers and functions:

Recommend Annual Report and Audited Accounts to the General Body and approve budgets.

Approve the Institute's plans and programmes and set up offices, branches, campuses, specialized centres and facilities in India and abroad to further the Institute's objectives.

Accept management of any trust fund or endowment in which the Institute is interested.

Appoint and control staff and regulate their recruitment, remuneration and conditions of service.

Set up norms of acceptance of candidates for the Institute's educational Programmes.

Enter into contracts and agreements for and on behalf of the Institute.

Sue and defend all legal proceedings on behalf of the Institute.

Appoint committees for different functions and purposes and delegate such powers to them that it may think fit.

Make and repeal or alter bye-laws for conducting affairs and business of the Institute, Board, its committees, General Body Meetings and other matters within its powers.

Delegate appropriate powers to the Chairman, Director General, Registrar and other officers of the Institute.

Scrutinize and approve applications for new memberships.

Raise funds through debentures or loans from financial institutions/Banks for running the activities of the Institute, including construction of the Campus.

Generally, they do all things necessary or expedient for due conduct of the business and affairs of the Institute.

The IMI board has distinguished persons from industry, government and academics headed by Industrialist Late Shri R. P. Goenka, chairman-emeritus, RPG Enterprises till 2009.

In 2010, Mr. Sanjiv Goenka take over as the chairman, IMI board of Governors. Mr. Sanjeev Goenka is a prominent industrialist of the country. The other members of Board of Governors with their brief background is presented in the table below. There is a proposal to include an alumni representative in the IMI board.

The supreme authority is the General Body of IMI which consists of nominees of Founder, Life and Associate Members. The General Body elects the Board of Governors which consists of representatives of General Body members and other nominated eminent persons from academics, Industry and senior retired bureaucrats and plutocrats from Govt. of India. The Board appoints a Director or Director-General for managing day-to-day activities of the Institute. On behalf of the Board, the Chairman has set up the following committees to facilitate the functioning of the institute. The various committees of Board of Governors viz Steering Committee, Infrastructure Committee & Finance Committee etc. are listed below:

Steering Committee: - The Steering Committee oversees the functioning of the Institute and takes such steps as necessary to ensure effective operation of the Institute as envisaged in its vision and frames policies for further development of the Institute. It also accords approval to academic/ administrative matters on behalf of the Board wherever necessary and ensures their subsequent rectification by BOG.

Infrastructure Committee: - The Infrastructure Committee deals with purchases, lease or renting the land and buildings including construction, extensions, maintenance and renovation etc on behalf of the Board. It also oversees the outsources of services and management of major contracts.

Finance Committee: - The Finance Committee reviews the annual budget and formulates broad policies on fiscal matters. It also monitors and implements the observations and recommendations of the Audit Committee reports.

minimum twice a year or as frequently as required. Infrastructure Committee generally meets three times in a year or more frequently depending on the requirement.

Date of Last meeting of Board and other sub committees

- Board Meeting – 02nd December, 2020
- Steering Committee Meeting – 07th May, 2021
- Finance Committee Meeting – 01st June, 2021
- Infrastructure Committee Meeting – 06th September 2019

The Director General is the Academic and Administrative head of the Institute. He is assisted by various internal committees to carry out routine administrative and academic functions. For academic matters, the Institute has an Academic Council that consists of the Director General, Deans, all programme Directors, Area chairs & Registrar. The body meets regularly to decide on academic performance and integrity, standards in grading, credit transfer and equivalence for exchange students, waivers if any to be given to students etc. The course allocation decisions are made by the Dean (Academic) upon the advice of area chairs. Each area has a chairperson who suo moto or on a need basis convenes meetings at the area level to advise the academic council on course allocation, content overlap and visiting faculty engagement.

All administrative matters are supervised and conducted by Registrar of the Institute. As per the delegation of financial powers, approval of Director General is obtained on major purchase/contracts. The standard norms and best practices are followed in procurements by inviting bids from eligible and entrusted vendors. Advertised Tender inquiries are also resorted to for goods/services where an adequate in-house vendor base is not available.

A detailed SOP, generally on same lines as followed in all process driven organizations including the broad principals laid down in GRR 2017 is available and is followed in letter and spirit. Generally, a two-bid procurement policy is adopted for purchase of goods. For purchase of services however, a QCBS (Quality Cum Cost Based Evaluation System) is followed. All major procurements are executed through an inclusive decision-making mechanism in a very transparent and fair manner collectively through a committee with adequate participation from the user department.

Co-option of External Experts

Chairman may co-opt one or more external members possessing relevant technical expertise on the committees as he deems necessary. He may, in addition, set up other committees from time to time as necessary for effective functioning of the Board.

The Director General is the Chief Executive Officer of the Institute. He is responsible for the functioning of the Institute, performance of the faculty, staff and students/trainees, administration of the office, and co-ordination of the work of committees. The Director General implements the

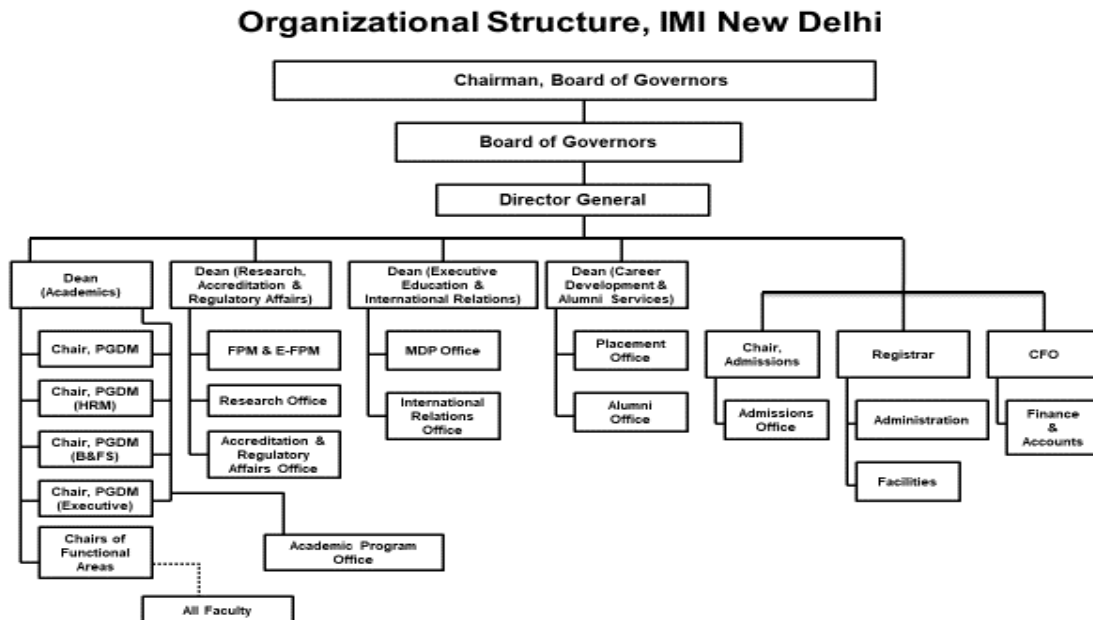

MOUs with external agencies, enforces the norms of academic standards and the requirements of relevant statutory bodies. He also reports to the Chairman and the Board and exercises powers that are delegated to him by the Board.

To assist the Director General in the functioning of the institute there is a Registrar an ex-officio who is also the Secretary to BOG. The Secretary prepares agenda papers for all meetings of the Board and the General Body and maintains a record of proceedings at all meetings. He also reports action taken on decisions of the Board and the General Body in their respective meetings.

The idea of IMI-D is captured in its mission, which is described below. The foundation of the institute is built on excellence and the institutional culture that has developed over the last thirty five years has reinforced this idea. To generate excellence, we feel that there must be independence with accountability. The structure of IMI-D allows a great deal of independence and flexibility in practice. There are many examples that demonstrate this from introduction of new courses and new programmes, hiring of faculty, engagement with sister institutions in India and abroad, an active interface with industry including the participation of industry experts in the curriculum management.

The Board of Governors has adopted a laissez faire approach and is extremely supportive of the institute in various initiatives. The intellectual capital of IMI-D is rated very highly by peers which is always a good indication, and is reflected in the ranking of the Institute by NIRF and other agencies on this parameter.

- **Organizational chart and processes**

- **Nature and Extent of involvement of faculty and students in academic affairs/improvement**

The Institute encourages students to take student driven academic/professional initiatives to complement their class room learning with practical aspects of the real business world. These activities range from organizing special events focusing on current affairs to carefully planned symposia and lectures that enrich the participants' professional, academic and extracurricular interests. To achieve this, students have various academic/professional clubs in different functional areas. The speakers for all these events are eminent business personalities. All the events are planned and executed by the students, in close coordination with Area faculty members and other office bearers of the Institute.

- **Student Feedback on Institutional Governance/Faculty performance**

IMI, Delhi is committed to deliver a high quality education through continuous improvement and ongoing innovation in curriculum to ensure fulfilment of learning objectives of post-graduate programs. IMI, Delhi has a formal structured system for curriculum development and change. This process is not limited to designing, development, monitoring and evaluation of learning goals but also focuses on a rigorous feedback mechanism from all stakeholders of IMI, Delhi. The curriculum development and change process at IMI, Delhi involves all major stakeholders like faculty members, external experts, alumni and industry representatives. IMI, Delhi believes in industry relevant curriculum design and delivery.

At IMI, Delhi, the key committees driving curriculum management and assurance of learning (AOL) are **Faculty Council (FC)**, **Academic Council (AC)**, **Curriculum Management Committee (CMC)** and **Area Consultative Committee (ACC)**. The compositions of these committees are as follows:

The **Faculty Council (FC)** comprises all faculty members and led by Director General of the Institute. The role of faculty council is to give final approval to any proposal for new program, new course or change in existing structure of program and course.

The **Academic Council (AC)** comprises Dean (Academics), Dean (Executive Education and International Relations), Dean (Career Development and Alumni Relations), Dean (Research Accreditation and Regulatory Affairs), Branding In-charge, Chairman (Faculty Recruitment, Development & Evaluation) and Area Chairpersons and Program Directors. The role of AC is to review any proposal for new program, new course or change in existing structure of program and course. AC is also responsible for recommending any proposal for required change in the program or course to faculty council.

The **Curriculum Management Committee (CMC)** has been set up recently in line with the requirements of AACSB accreditation. The committee comprises Dean (Academics), AACSB Accreditation Committee members, Program Chairpersons and

Area Chairpersons. This committee is responsible for curriculum management and AOL at IMI, Delhi. The CMC ensures continuous improvement of each program and achievement of learning goals of each of the programs.

The **Area Consultative Committee (ACC)** has also been set up for each functional area at IMI, Delhi. It comprises area faculty members, expert from academia and industry and alumni. The role of ACC is to design and develop new courses and update existing core and elective courses in respective areas.

Regular feedback is taken from the students regarding the course and pedagogy followed in the classroom and accordingly corrective measures are taken.

Faculty performance

A faculty member is expected to contribute in all the three primary activities of Teaching, Research and MDP. It will however, be mandatory for the faculty to make significant contributions to at least two primary activities depending on their background, expertise and aptitude. The criteria for appraisal will include both quantitative and qualitative dimensions and are described below:

1. Teaching

Quality of teaching, student feedback, respect commanded as teacher, new courses designed and number and diversity of courses taught.

2. Research

Number and quality of publications in journals, books, monographs, cases, book reviews, conferences. Publications considered important for NIRF rankings will carry proportionate weightage in appraisal. (The detailed publication list is also given.)

3. Management Development Program (MDP)/Consultancy

Number of Open/In-company programmes conducted as well as brought-in, number of sessions conducted in MDPs participant feedback and number of new programmes designed and offered. For consultancy, revenue earned through consultancy, the nature of consultancy assignment and the reputation of the client.

4. Academic administration/Institution Building

Administrative positions held, help in admission, placement, accreditation, mentoring of students, clubs and student activities, contribution to centres of excellence, organization of national/international conferences.

5. Industry interface/Service to the profession

Board memberships, membership of committees set up by government/industry bodies, joining faculty selection panels, charring sessions/keynote speakers, one-off sessions, reviewer/editorial board member of reputable journals, etc.

Performance Standards

Faculty members who are rated excellent (A) in all the 3 primary activities or ‘excellent’ (A) in 2 and ‘good’ (B) in one activity will be incentivized by sponsoring them to training and development / research programs at leading B-schools abroad and international conferences.

It is expected that a faculty member achieves a minimum standard of ‘excellent’ (A) in one, ‘good’ (B) in another and ‘Satisfactory’ (c) in the third primary activity.

Course Waivers for Academic/Administrative Positions

Administrative Role	Course Equivalence
Dean Academics – responsible for all PGDM programs and student affairs. This will be applicable when multiple PGDM programs exist and also for a single PGDM program provided the approved intake for that single program is greater than 120 and no Chair exists for that single program.	2
Chair of individual PGDM programs - One chair for each PGDM program, will report to Dean Academics if that position exists. If only one PGDM program exists and there is no Dean Academics, then this will role will also include student affairs.	1
Chair Research (includes FPM and all research activities)	1
Chair Executive Education (includes MDPs and short term certificate programs for working executives, both classroom and online)	1
Chair Consulting	1
Chair Accreditations & Regulatory Affairs	1
Coordinator of individual accreditation programs that are active at a given time, for example, Coordinator AACSB, will report to Chair Accreditation & Regulatory Affairs	0.5
Chair Career Development (includes final placements and summer internships)	1
Chair Alumni Services	1
Chair Admissions	1
Chair International Relations	1

Chair Rankings	1
Chair Branding	1
Area Chairs – one for each area	0.5
Journal Editor	1 (for journals with four or less issues per year) 2 (for journals with more than four issues per year)
Journal Associate Editor	0.5 (for journals with four or less issues per year) 1 (for journals with more than four issues per year)
Hostel Warden (staying off campus) (If Hostel Warden staying in campus residential position and getting the HRA benefits, no course waiver will be given for the faculty member voluntarily taking on this position)	1

A Dean's position may be created if administrative roles are combined and assigned to an individual faculty member, giving her/him two course equivalence from the administrative roles.

6. Programmes

In 2014 IMI Launched two-year full-time Post Graduate Diploma in Banking & Financial Services approved by AICTE. IMI, Delhi's two year Post Graduate Diploma in Management (Banking & Financial Services) is designed to cater to the growing needs of management professionals for Banking and Financial Services industry. The program is aimed to develop

high-quality management professionals equipped with technical and managerial competency with a global mindset. The focus of the program is to develop a holistic and integrative approach towards management in Banking and Financial Services industry.

In 2016 IMI Delhi got approval for the expansion of the capacity of 2-year PGDM from 180 to 240 students.

IMI, Delhi introduced FPM Program in 2011. The Fellow Programme in Management (FPM) is the doctoral program of the International Management Institute (IMI). The primary focus of the programme is to prepare candidates for academic careers in teaching and research as well as consultancy in disciplines underlying business management. **In 2018 FPM program intake was increased from 5 to 10 participants by AICTE.**

IMI Delhi also introduced **Executive-Fellow Program in Management (E-FPM) in 2018 with a sanctioned intake of 5.** E-FPM is a part-time doctoral program of the International Management Institute (IMI). The program has been designed to provide a holistic and enabling research eco-system for working executives and Academicians who seek to achieve the scholarly award. **In 2021 E-FPM program intake was increased from 5 to XXX participants by AICTE.**

1. 15 Month (Full-Time) Executive Post Graduate Diploma in Management (PGDM Executive). Approved batch strength is 60.
2. Two-Year (Full-Time) Post Graduate Diploma in Management (PGDM), Approved batch strength is 240.
3. Two-Year (Full-Time) Post Graduate Diploma in Human Resource Management PGDM(HRM), Approved batch strength is 60.
4. Two-Year (Full-Time) Post Graduate Diploma in Banking and Financial Services, [PGDM(B&FS)], Approved batch strength is 60
5. Fellow Program in Management (FPM). Approved batch strength is 10.
6. Executive Fellow Program in Management (E-FPM) with an approved intake of 5.

Fifteen-Months Executive PGDM

The Program

Started in 1984, the 15-month Post Graduate Diploma in Management (Executive), also referred to as PGDM (Executive) or PGDM-Ex. Program, is designed for experienced middle level managers who wish to take up leadership roles in the industry or have been identified by their organizations for such roles. The Program provides general management and functional area orientation with emphasis on international and cross-cultural exposure. The Program would provide an opportunity for personal as well as professional growth through a rigorous interactive learning environment including a 5-week International study module.

The Program is approved by AICTE and accredited by AMBA and SAQS.

Goals and objectives

Goal 1: Demonstrate critical thinking skills essential for strategic decision-making

Objective 1.1

Student should be able to demonstrate critical thinking skills to analyze managerial decision-making challenges

Objective 1.2

Student should be able to create a solution to managerial decision-making challenges while evaluating the same from multiple perspectives.

Goal 2: Develop ability to explain responsible leadership behavior in management

Objective 2.1

Student should be able to illustrate the role of responsible leadership in management.

Objective 2.2

Student should be able to identify social concerns and ethical issues in management.

Goal 3: Develop a global perspective in management

Objective 3.1

Student should be able to identify challenges faced by the organization at the global level.

Objective 3.2

Student should be able to take decisions in the global business environment.

Goal 4: Demonstrate execution of acquired management knowledge in real life situation

Objective 4.1

Student should be able to identify business issues suitable for applying the acquired knowledge from management theory and practice.

Objective 4.2

Student should be able to develop an action plan to provide a solution to the issues based on acquired knowledge

Program Structure and Curriculum

The Program is spread over 15 months. This consists of 12 months of course work over 4 trimesters of 11 to 12 weeks each, and three months of field research project at the end of the course work. The entire course work is held on campus in Delhi. The details of courses are presented in tables below.

Two Year Full Time PGDM

The Programme

Launched in 1993, two year Post Graduate Diploma in Management is designed to prepare students for careers in industry, across functional areas. The program equips students with strong conceptual skills to manage businesses in an integrated manner. The emphasis is on developing a holistic manager with a vision to take on the challenges of the future in a socially sensitive manner.

The program is approved by AICTE and accredited by NBA, Has MBA equivalence granted by AIU and international accreditation by AMBA and SAQS.

Program Goals and Objectives

Goal 1: Demonstrate written and oral communication skills

Objective 1.1

Student should be able to write well organized and grammatically correct business reports and letters.

Objective 1.2

Student should be able to make effective oral presentations

Goal 2: Demonstrate problem solving and critical thinking skills

Objective 2.

Student should be able to demonstrate critical thinking skills by understanding the issues, evaluating alternatives on the basis of multiple perspectives and presenting a solution including conclusions and implications

Objective 2.2

Student should be to demonstrate problem solving skills by understanding and defining the problem, analyzing it and solving it by applying appropriate theories, tools and techniques from various functional areas of management.

Goal 3: Develop ability to explain responsible leadership behavior in management

Objective 3.1

Student should be able to illustrate the role of responsible leadership in management.

Objective 3.2

Student should be able to identify social concerns and ethical issues in management.

Goal 4: Develop a global perspective in management

Objective 4.1

Student should be able to identify challenges faced by the organization at the global level.

Objective 4.2

Student should be able to take decisions in the global business environment.

Program Structure and Curriculum

The course for the PGDM program is spread over six trimesters, each trimester being of 11-12 weeks. The first three trimesters are essentially devoted to foundation courses, across core areas of management. These are aimed at providing the student the conceptual understanding of the functional areas as mentioned below.

- Finance
- Marketing
- Operations
- Human Resources Management

- Analytics
- Strategy
- General Management

The details of the core papers from PGDM are given in the following table.

STRUCTURE PGDM PROGRAM

TERM I	Credits	TERM II	Credits	TERM III	Credits
Managerial Communication	3	Operations Management core II	1.5		
Quantitative Techniques I	3	Quantitative Techniques II	3	Marketing Management core elective	3

GRAND TOTAL (MINIMUM): 102 CREDITS

NOTE: IN TERM III AT LEAST TWO CORE ELECTIVES TO BE CHOSEN

The electives offered for the PGDM, PGDMHRM and PGDMBFS programs are as below.

Proposed elective package for PGDM, PGDHRM & PGDMB&FS

Area – Finance		
Term – IV	Term – V	Term – VI
International finance	Management of financial services	Micro finance & financial inclusion
Financial derivatives	Financial risk management	Wealth management and alternative investment
Management of banks	Treasury & risk management in banks	Investment banking
Security analysis and portfolio management	Business valuation	Behavioral finance
Project and infrastructure finance	Advanced financial statement analysis	Quantitative finance
Financial econometrics	Project and infrastructure finance	Working capital management (1.5 credits)
Tax planning & management	International finance	Private equity (1.5 credits)
Treasury & foreign exchange management	Time series modelling and forecasting	Mergers and acquisition
Wealth management & alternative investments		Structured finance
Area – Marketing		
Term – IV	Term – V	Term – VI
Consumer behavior	Business forecasting	Business marketing
Marketing research	Retail marketing	Strategic marketing (1.5 credit)
Sales & distribution management	Marketing of services	Rural marketing
Customer relationship management	Integrated marketing communication	International marketing (1.5 credit)
Product management	Retail marketing	Luxury brand management (1.5 credit)
Marketing for hr professionals (1.5 credits)	Brand management	Marketing to the bottom of the pyramid(1.5 credit)
Sales management	Marketing for Start-ups	Digital marketing
Product & brand management		
Area - Operations & Quantitative Methods		
Term – IV	Term – V	Term – VI

Logistics and supply chain management	Quality management	Applications of operations research
Service operations management	Project management	Operations strategy
Financial econometrics	Time series modelling and forecasting (with finance)	Logistics modelling
	Business analytics (with IT area)	Advance research methods for HR
Area - Organizations Behaviour and Human Resources		
Term – IV	Term – V	Term – VI
Psychometric testing	Leadership and managerial effectiveness	Consulting skills
Hr for new age organizations	Diversity management	Coaching and mentoring
Business negotiation skills	Hr and integration issues in m& a	Employee well-being at work
Talent management	Industrial jurisprudence	Internship with ngo
Area - Strategy and General Management

Enterprise data warehousing and intelligence (1.5 credit)	E-business	Data & information security
Introduction to r programming (1.5 credit)	IT consulting	
	Decision support systems	
Area – Economics		
Term – IV	Term – V	Term – VI
	Competitive strategy	
	Multinational corporation	

Note: Electives are common for all the programmes.

Table below provides the details regarding the distribution of total credits of PGDM programme termwise.

PGDM PROGRAM CREDIT SUMMARY

TERM	CREDIT DETAILS
Term I	21 credits
Term 2	19.5 credits
Term 3	19.5 credits
First Year Credits	60 credits (including two compulsory electives)
SIP	3 credits
Second Year Credits	39 credits minimum (13 electives)
Total Credits	102 credits minimum No cap on maximum

The combination of the electives for 4th, 5th and 6th Term is mentioned in the Table given below.

Credit combination of the electives in second year

Term IV	Term V	Term VI
12 credits	15 credits	12 credits
15 credits	12 credits	12 credits
12 credits	12 credits	15 credits

Please note that for specialization purpose they are required to take at least 21 credits (seven full courses) in an area.

Two Year Full Time PGDM-HRM

In a seamless environment that businesses operate in, it is increasingly being realized that people are key differentiators in enabling organizations gain and maintain a competitive edge. It is thus imperative for organizations to attract, nurture, develop and retain such talent which will be responsive to the demands of ever changing technology, increased mobility and fast paced obsolescence. Human Resource (HR) professionals with an in-depth understanding of the fundamental issues of management and related-disciplines and who bring an insight for perceptive people management are increasingly in demand. Organizations, Consulting houses, Government, Institutional bodies and Non-Governmental Organizations (NGOs) are continuously seeking the expertise of such skilled HR professionals to address present and emerging challenges of managing the diverse needs of a growing human talent pool.

Insights and perspectives into the dynamics of people management and their subsystems will be a pre-requisite for enabling HR professionals to contribute meaningfully to organizational

development initiatives. Launched in 2006, the Post-Graduate Diploma in Human Resource Management PGDM (HRM) prepares a cadre of HR professionals equipped with appropriate values, perspective, and competencies to become catalysts of progressive change by developing and promoting a culture that is vibrant and focused on excellence.

The program is approved by AICTE and accredited by NBA, Has MBA equivalence granted by AIU and international accreditation by AMBA and SAQS.

Program Goals and Objectives

Goal 1: Demonstrate written and oral communication skills

Objective 1.1

Student should be able to write well organized and grammatically correct business reports and letters.

Objective 1.2

Student should be able to make effective oral presentations

Goal 2: Demonstrate problem solving and critical thinking skills

Objective 2.1

Student should be able to demonstrate critical thinking skills by understanding the issues with a strong focus on Human Resources Management, evaluating alternatives on the basis of multiple perspectives and presenting a solution including conclusions and implications

Objective 2.2

Student should be to demonstrate problem solving skills by understanding and defining the problem particularly related to Human Resources Management, analyzing it and solving it by applying appropriate theories, tools and techniques.

Goal 3: Develop ability to explain responsible leadership behavior in management

Objective 3.1

Student should be able to illustrate the role of responsible leadership in management.

Objective 3.2

Student should be able to identify social concerns and ethical issues in management.

Goal 4: Develop a global perspective in management

Objective 4.1

Student should be able to identify challenges in Human Resources Management faced by the organization at the global level.

Objective 4.2

Student should be able to take decisions in the global business environment with a special focus on Human Resources Management.

Program Structure and Curriculum

The curriculum is designed with a holistic approach to human resource management. The course comprises 114 credits distributed among several compulsory and elective courses, and the Summer Internship. Since the emphasis is to provide specialization in HRM, the effort has been to provide a balanced package based on industry requirements. Table lists the details of core courses for PGDM-HRM.

PGDM-HRM Core Courses List

Term1 (18.75 Credits)	Term 2 (21.75 Credits)	Term 3 (22.5 Credits)
Individual & Group Dynamics (OB1)	Organizational Planning & Design (OB2)	Compensation Management
HR Systems & Process	Performance Management System	Learning & Development
IT for Decision Making (1.5 Cr)	Recruitment & Selection	Competency Management & Assessment Centre

AGGREGATE FOR YEAR I & YEAR II	99 credits
ADD : Summer Internship	3 credits
AGGREGATE FOR THE PROGRAMME	102 credits

Fellow Program in Management (FPM)

The FPM scholars can specialize in one of the following areas:

1. Economics & Business Environment
2. Finance and Accounting
3. Marketing
4. Organisational Behaviour/Human Resource Management
5. Operations Management and Quantitative Methods
6. Strategy & General Management
7. Information Management

The Programme

Launched in 2011, the Fellow Programme in Management (FPM) is the doctoral program of the International Management Institute (IMI). The **Fellow program in Management (FPM)** is a Full-time program and has been designed to provide a holistic and enabling research eco-system for scholars who seek to achieve the scholarly award. The program structure focuses on preparing the candidates, through a rigorous and well-crafted path that helps them achieve excellence in career trajectories such as academics, research & consultancy assignments, as well as research and analytics based corporate roles.

Program Goals and objectives

Goal 1 : Acquire knowledge in the area of specialisation

Objective 1.1: To gain knowledge in general management areas in order to develop a foundation for the area of specialization.

Objective 1.2: To gain knowledge in specialized areas relevant to the research to be carried out.

Objective 1.3: To develop ability to apply acquired knowledge in order to solve management problems.

Goal 2: Acquire analytical and methodological skills required to conduct research

Objective 2.1: To develop analytic skills in order to solve research problems

Objective 2.2: To develop methodological skills in order to solve research problems

Goal 3: Prepare the scholar to communicate effectively

Objective 3.1: To be able to collate existing literature in the area of study and articulate research gaps

Objective 3.2: To be able to compose research output in the form of original and high-quality management research writings.

Objective 3.3: To be able to articulate research output through presentations.

The applicant seeking admission to the FPM programs of IMI needs to be adhering to the following **Eligibility Criteria**:

- a. **Academic qualifications**: To be considered for admission into the FPM programs at IMI, New Delhi, the applying candidate must possess one of the following **qualifications**:
 - A Masters' degree or its equivalent in any discipline with a minimum of 60% aggregate marks. Those with outstanding educational records and in the final year of their post-graduation may also apply.

OR

- A Bachelor's Degree in Engineering with a minimum of 60% marks or equivalent grade point average plus minimum of one year's work experience.

OR

- A Bachelor's degree plus any professional qualification such as CA, ICWA, CS, and CFA with a minimum of 60% aggregate marks.

b. Universities & Affiliations

The above-mentioned qualifications will be considered valid for admission only if:

- The obtained qualification is from any of the universities incorporated by an act of the central or state legislature in India, or other educational institutions established by an act of parliament or declared to be deemed as a university under section 3 of UGC Act, 1956, or possess an equivalent qualification recognized by the Ministry of HRD, Government of India, or an equivalent qualification from an institution approved by AICTE.
- The degrees of candidates from foreign universities must be recognized by the Association of Indian Universities (AIU). Similarly, the PGDM of Indian Institutions must be recognized as equivalent to MBA by AIU or approved by AICTE.

c. Additional criteria for selection:

- In addition, all the candidates must have secured a minimum of 60% marks in ALL their public examinations starting with the secondary level.

d. Additional Criteria for selection for the E-FPM program:

- **Work experience:** The candidate should have completed minimum **FIVE** years of relevant work experience working as a full-time teaching Academic or in the corporate sector.

Admission process

The admission process for the FPM programs of IMI New Delhi is a three-step process. The steps are as follows

- Admission form & indication of research interest:** The applicant needs to complete the FPM application form. The form must be accompanied by an abstract of 1000-1500 words about the proposed research area/topic. This may be broad based at this juncture but is critical for gauging the applicant's interest.
- Admission/ eligibility tests:** the candidate should have cleared any of the following tests
 - Common Admission Test (CAT) held by the IIMs.
 - GMAT score is also considered valid for the purpose of applying for the course.
 - Scores of CAT/GMAT taken on or after 01 January 2017 will be considered valid for admission to the session of 2021.
 - NET qualified (taken on or after 01 January 2017)

Please note: NRIs and foreign candidates will also need to appear in the CAT/GMAT/NET or IMI internal test.

- c. Admission Interview:** Based on the research abstract and the scores obtained in CAT/GMAT/NET or IMI internal test, evaluation of past academic performance and relevant work experience, candidates will be called for an interview for final selection.

Course work and Evaluations:

First year of FPM course work: The FPM scholar will pursue the first year of his/her coursework, together with the first-year students of the PGDM for that particular year. This would entail covering Select courses as considered critical for a management scholar as well as few doctoral level courses.

Evaluations & promotions: For promotion to second year student must have a minimum average grade of B- OR 60% as decided by the FPM & Research Committee. However, in the area of specialization, overall minimum grade of B– (B minus) OR 60% as decided by the FPM & Research Committee would have to be obtained.

Exemption & conditions: Exemption from first year courses may be given to candidates under the following conditions: The PGDM First year course work waiver for scholars who have completed their 2-year Full-time PGDM program from schools that appear in the NIRF Ranking of Top 30 B-Schools and have a CGPA of 6/10. . **Please note:** The PGDM/MBA should have been completed within the last 5 years from the date the candidate is seeking admission to the FPM program.

Second year of course work: The coursework is spread over one year. Three trimesters with area specific/area/allied electives and compulsories courses. The active course work is currently in a classroom contact mode and spread over weekends. This is followed by a written and oral C.E.

Comprehensive examination: On successful completion of the mandatory courses all E-FPM the students would need to undergo a Comprehensive Examination- Written and Oral.

Thesis Preparation and submission:

Research proposal formulation and defense: On the successful completion of comprehensive examination, the candidate is required to form a Thesis Advisory Committee (TAC) for guidance towards the final thesis. Under the guidance of TAC, the student would be required to develop a research proposal and defend it in an open forum comprising the IMI, New Delhi faculty and other doctoral students. Post this the scholar is to be working under the guidance of the TAC towards completion of his/her thesis work.

Thesis submission and defense: Thereafter, on completion of the proposed research as well as the mandatory publication requirements of the thesis submission, the candidate would inform the Dean Research, Accreditation & Regular Affairs of the same. Dean Research Accreditation and Regulatory Affairs, in consultation with TAC would recommend a Thesis Evaluation Committee (TEC) for the evaluation of the research work. The candidate would then be required to present a

public seminar on the research findings. The candidate would be then evaluated by the TEC in an oral defense. After successfully defending the final thesis candidate is awarded the title of “Fellow of the International Management Institute, New Delhi”. (For details, please refer to Handbook of Information for FPM students.).

Executive Fellow Program in Management (E-FPM)

In order to admit working professionals interested in pursuing research, an application was given to AICTE to start an Executive FPM programme, which was approved in September 2018, with a sanctioned strength of 5.

Course work and Evaluations:

E-FPM course work: The coursework is spread over one year. Three trimesters with area specific/area/allied electives and compulsories courses. The scholar may need to do some MOOC courses prior to the coursework. The active course work is currently in a classroom contact mode and spread over weekends. This is followed by a written and oral C.E.

Comprehensive examination: On successful completion of the mandatory courses all E-FPM the students would need to undergo a Comprehensive Examination- Written and Oral.

Thesis Preparation and submission:

Research proposal formulation and defense: On the successful completion of comprehensive examination, the candidate is required to form a Thesis Advisory Committee (TAC) for guidance towards the final thesis. Under the guidance of TAC, the student would be required to develop a research proposal and defend it in an open forum comprising the IMI, New Delhi faculty and other doctoral students. Post this the scholar is to be working under the guidance of the TAC towards completion of his/her thesis work.

Thesis submission and defense: Thereafter, on completion of the proposed research as well as the mandatory publication requirements of the thesis submission, the candidate would inform the Dean Research, Accreditation & Regular Affairs of the same. Dean Research Accreditation and Regulatory Affairs, in consultation with TAC would recommend a Thesis Evaluation Committee (TEC) for the evaluation of the research work. The candidate would then be required to present a public seminar on the research findings. The candidate would be then evaluated by the TEC in an oral defense. After successfully defending the final thesis candidate is awarded the title of “Fellow of the International Management Institute, New Delhi”. (For details, please refer to Handbook of Information for FPM students.).

Program Duration

All FPM/E-FPM scholars are expected to complete the program within FIVE years.

STUDENT AND FACULTY EXCHANGE PROGRAMMES

The International Management Institute New Delhi continues to strive towards its vision of being a premier global management school by establishing the IMI brand as an institute with a truly global presence. Emphasis on International linkages has been strengthened with active exploration of collaborations with global business schools.

International Academic Linkages

IMI has had formal linkages with academic institutions right from its inception. Genesis of IMI New Delhi in January 1981 was initiated by representatives from MNCs such as the Grindlays Bank, Williamson Magor Group, Nestle, British Oxygen along with ITC and the Indian Business House RPG Enterprises. IMI was thus started as a corporate sponsored business school in India for executive training. It launched its two academic programs – One-year Executive Post Graduate Program in International Management (PGPIM) in collaboration with IMI Geneva (currently IMD Lausanne) and Part-time Post Graduate Program, in the year 1984. IMI was immediately recognized by the Ministry of Human Resources as a stand-alone Business School in the country.

IMI started the faculty and student exchange and collaborative research agreements with Mc Gill University, Canada under a CIDA grant and later with the Manchester Business School, under an ODA grant from the United Kingdom. IMI was the only private business School selected by UNDP to collaborate with leading international business schools from the USA to further develop management education in Asia.

IMI was selected by the Ministry of External Affairs in 1984 for its capacity building initiative, Indian Technical & Economic Cooperation Program for ITEC and SCAAP countries. PGPIM course was selected for ITEC and from 1984 it attracted participants from across the countries. In 2010-11, short duration courses, with focus on niche areas, were introduced for ITEC/SCAAP participants. Since 1984, IMI has imparted training to more than thousand participants from more than 100 countries and some of the ITEC participants hold Ministerial / Diplomatic positions in their respective countries. Applicants apply through Ministry of External Affairs (MEA), Govt. of India portal. Applications are screened by IMI for experience, qualification and overall suitability for the programs. The IMI “brand” is a huge attraction now, particularly in India, Africa, Latin America and the Central Asian Republics. The Ministry of External affairs, Government of India, through its, ITEC scholarship scheme, has been routinely sponsoring international students from developing economies to study at IMI in its Post graduate program in International Management and certificate courses.

New partnership agreements signed in the year 2017-18 have been with New Jersey City University School of Business, USA; IGS-RH School of Human Resources; France and Montpellier Business School, France, University of Guelph, Canada. Partnership with Academy of Public Administration under the aegis of President of the Republic of Belarus was renewed.

Several international delegations constituting Deans and Directors of various Global Business schools and Universities such as University of New Brunswick, Canada; ESIC Business &

Marketing School, Madrid; Oxford Brookes Business School, UK; Interdisciplinary Center (IDC), Israel visited IMI Campus in 2017 and 2018 to explore the possibilities of a tie up and is being followed with an active dialogue to take it forward. We also hosted visitors from University of Applied Sciences, Finland and International Center for Promotion of Enterprises, Slovenia, RANÉPA who are amongst the existing partners of IMI.

IMI has an active student exchange program with some of the leading European Business schools. Seventeen (17) foreign students from Kedge Business School, ESC Rennes School of Business, Grenoble Ecole de Management, and Frankfurt School of Finance and Management, spent a term at IMI Delhi campus in 2017-18. As part of the exchange, Nineteen (19) IMI students went to these partner schools. In the year 2018-19, 23 IMI students have opted for the exchange program at various partner schools in Europe and 5 foreign students have come to IMI for the exchange program (details given in section 1.2). Five (5) Executive PGDM students were hosted at ESCP Europe, as part of their overseas learning program. In the next academic year, we expect the exchange student numbers to further increase significantly. ITEC participants who truly epitomize the international character of IMI have a strong presence on the campus. 255 ITEC students from 75 countries were hosted at IMI Delhi campus in 2017-18. IMI has endeavored to make campus experience for our foreign participants a memorable and a significant one, as they go back to their countries as our global ambassadors.

Prominent business school like The Rotman School of Management, University of Toronto conducted their India Module for its Omnium Executive MBA program at IMI Delhi campus for the ninth time in March 2018. IMI at present is actively seeking collaborations with many business schools across different geographies for Joint Research, Executive Training, Faculty and Student Exchange Programs. A strong emphasis on streamlining the systems and process, along with the consolidation of databases, during the year has been an important realization.

Currently talks are in progress with other international business schools in many new countries. Also discussions are in progress to take the existing agreements to the next level of collaborative research, faculty exchange and consulting.

Equivalence across courses attended and credits earned in the partner institution is formalized before the student exchange is initiated with the global schools. The various program chairs along with the Dean Academics and the Dean International Relations and Exchange programs at IMI, together formalize the Credit and Grade Equivalence.

At present IMI has seventeen active academic collaborations for Student and Faculty exchange as well as research collaboration. The details of these collaborations are listed in Table given below.

International academic collaborations

Student Exchange

At IMI management teaching and research strongly emphasizes on global management issues and practices. This ensures a good exchange platform for our students who are seeking global careers and faculty who is engaged in joint research on issues of global significance. The exchange program is based on mutual consents of the partner institutes and the students. The students have to pay the cost of travel, food and accommodation. Such facilities are available to students in IMI and other international business schools on a reciprocal basis. Tables given below displays the list of in-coming students enrolled for exchange program (2010- 2019). And the list of outgoing students for exchange program (2010-2019).

7. FACULTY

IMI Delhi **introduced faculty performance and evaluation policy in 2012** which provides guidelines for evaluating faculty performance based on three core activities i.e. teaching, research, MDP's/Consultancy, Academic Administration / Institution Building, and Industry Interface / Service to the Profession.

We have 43 full time faculty members adequate for our teaching requirements. In addition, these resources are complemented by ____ visiting faculty.

Of the 43 full time faculty members, almost 94 percent have a doctoral qualification from reputed academic institutions. This includes international universities such as Maryland, Virginia, Southern Illinois, Pittsburg, Connecticut, London School of Economics, etc. and Indian

institutions such as IIM Ahmedabad, IIM Bangalore, IIM Lucknow, IIM Indore, IIT Delhi, IIT Kharagpur, IIT Roorkee, IGIDR, FMS Delhi, etc. Almost an equal percentage has industrial exposure too. A crucial aspect of classroom instruction at IMI is that it leverages from the engagement of the faculty in research, consulting and training. To provide a varied experience to students in the classroom, IMI also regularly invites professors from leading business schools in India and abroad, practitioners from industry and government to teach courses in all its programmes. These faculty resources efficiently complement IMI's own resources and 'add value' to the student experience through diverse learning processes.

IMI derives strength from its faculty and unparalleled work environment. IMI therefore, continues to attract the best talent both from India and abroad. This in turn makes the Institute the best place for students to study because there are not many Institutes in India where comparable transformation and value addition takes place.

IMI enjoys an equal relationship with all its exchange partners in Europe and Asia. It is sought by business schools in the US for developing links for student and faculty exchange.

Faculty is expected to teach a minimum of five courses and perform any assigned administrative responsibility. It is recommended that the faculty should engage in research publications and conduct executive development programmes. Consultancy assignments and engagements with companies are treated as additional workload and faculty is permitted a share of that revenue. A maximum of 52 days is permitted for such consultancy in one year.

Research

International Management Institute is recognized amongst both academic as well as practitioner bodies, for its 'intellectual capital'. A significant contributor to this recognition is the consistent and meaningful, philosophy of research as the elixir of academic life at IMI. The research-oriented culture has been built over the years and strengthened with new perspectives and initiatives that the school constantly undertakes to strengthen and enable this. Research at IMI is oriented towards both theoretical- theory building, enhancing and modifying existing management frameworks-and action-oriented- addressing strategic and tactical needs of leading corporate houses and government bodies- research. This goes a full circle, as this researched knowledge enriches participant learning, in both the classroom earning across its academic programs, as well as the executive training at IMI, New Delhi. The commitment to enabling research as a way of life was the impetus behind creating a rigorous and well-structured Fellow Program in Management (doctoral program) in 2011. Six scholars have successfully completed the program and are serving as academicians in reputed schools in Singapore, Philippines and India.

True to its philosophy of being a research-led school the research culture is enabled by its state of the art library, e-books as well as online data bases such as EBSCO, Emerald, INFORMS, JSTOR, CMIE, INDIASTAT, EMIS, SCIENCE DIRECT, ACE, CAPEX, CRISIL, Economic outlook, F.T.com etc. Further, to enable and encourage empirical research the latest qualitative

and quantitative data analysis tools such as NVIVO, SPSS, AMOS, EVIEWS etc. are available to all members of the IMI fraternity, including the faculty, staff and students.

The research repository of IMI, New Delhi's faculty is rich, varied and constantly growing and ranges from research-based books, textbooks, journal articles, conference papers, business case studies as well as management articles in Business dailies and magazines. These publications, in reputed National and International sources, are widely cited for their originality of thought and methodology. The institute also disseminates management thought and practice through its two management journals- Global Business Review (<http://journals.sagepub.com/home/gbr>) and Emerging Economy Studies(<http://journals.sagepub.com/home/emi>) .

GLOBAL BUSINESS REVIEW – IMI JOURNAL

IMI's internationally reputed journal, Global Business Review is another reflection of how the institute has delivered in the past. Global Business Review (Quarterly) is designed to be a forum for the wider dissemination of current management and business practice and research drawn from around the globe but with an emphasis on emerging economics. An important feature is its cross-cultural and comparative approach. The Journal is multidisciplinary in nature and with a strong practical orientation. This refereed journal publishes surveys relating to significant developments in management practice drawn from business/commerce, the public and the private sector, and non-profit organizations. The journal also publishes articles which provide practical insights on doing business in India/ Asia from local and global, and micro and macro perspectives. It has circulations of 12,900 copies (including online) and listed in SCOPUS.

List of Faculty Members

IMI enjoys a large pool of qualified faculty members. Across many rankings, it has been ranked very high in terms of its faculty resource.

Name of the Faculty Member	Qualification			Association with the institute	Designation	Date on which Designated as Professor/ Associate Professor	Date of Joining the Institution	Department	Specialization	Academic Research			Currently Associated (Y/N) Date of leaving in case of Currently Associated is ("No")	Nature of Association Regular/ Contract

Recipient of numerous awards and positions including the prestigious SANEI Research Award (South Asia Network of Economic Institutions by World Bank and Global Development Network), Campus Research Award in two consecutive years (May 2002 and 2003), University of the West Indies, Cave Hill Campus, Barbados and so on. Worked as a consultant for various Government and multilateral agencies including World Bank, FICCI-New Delhi, International Development Research Centre (IDRC), ACC Mumbai, UNIDO, ILO, Indo-Canadian Cooperation Unit, GTZ and Government of India (Ministry of Rural Development), Caribbean Development Bank, Government of Barbados. Author of more

than 100 scientific articles on international economics, macroeconomics, Corporate Governance, and economic development. He is also an author of several books. Authored articles for various magazines and newspapers. Editor of a reputed management journal entitled, Global Business Review, published by Sage Publications, New Delhi

Arnab K. Deb

Dr. Arnab K. Deb holds doctorate in Economics from University of Connecticut, Storrs. His doctoral dissertation is an application of Microeconomic theory to Indian data for the organized manufacturing sector. He earned his B.Sc. (Honors) and M.Sc degrees from University of Calcutta. His research interest includes Microeconomics, Productivity and Efficiency Analysis, Industrial Organization, Game Theory, Applied Econometrics

Dr. Deb has more than six years of experience in teaching and research. He has worked on an NSF (National Science Foundation) funded project “Economic and Social Rights: Obstacle or Handmaiden to Growth? His major responsibility in that project was to design alternative approaches to define an indicator of the extent to which countries are fulfilling their economic and social rights obligations under the International Covenant for Economic, Social and Cultural Rights (ICESCR). Before joining the Ph.D. program, he had served as a Research Associate in AC Nielsen ORG Marg, Kolkata and worked on two projects “District Level Monitoring of all Programs of Ministry of Rural Development, India” and “Moving out of Poverty: Growth & Democracy” He has attended and presented research paper at international conferences.

Dr. Deb has received multiple fellowships and awards in his career. He has been awarded the “Pre-doctoral Fellowships” by the Department of Economics for the period 2007 to 2011 and “Doctoral Dissertation Fellowship” by the Graduate School in the year 2012. He was also recognized with the “Abraham Ribicoff Graduate Fellowship” by the Department of Economics, University of Connecticut in 2011. This award is given annually to recognize an outstanding Ph.D. student who is interested in public policy.

Ayona Bhattacharjee

Ayona Bhattacharjee is a Fellow from Indian Institute of Management Bangalore in the area of Economics and Social Sciences. She obtained her Master's degree in Economics from Jawaharlal Nehru University, New Delhi and Bachelor's degree in Economics from Presidency College, Kolkata. She has also qualified the UGC-NET Exam in Economics. Prior to joining IMI Delhi, Dr. Bhattacharjee was an Assistant Professor at O.P Jindal Global Business School, where she taught undergraduate and postgraduate courses in Economics. She also has three years of industry experience in Data Analytics firms. Prior to joining the doctoral program, she was as an associate consultant at Symphony Marketing Solutions (now Genpact) in Bangalore and later worked as a business analyst with HSBC Analytics, Kolkata.

Dr. Bhattacharjee has presented her work at national and international conferences. She works at the interface of Macroeconomics and Development economics. Her current

research interests include topics related to human capital theory, economic growth and trade in services.

Rajeev Anantaram

Prof Rajeev Anantaram is Professor of economics at the International Management Institute since March 2012. Prior to joining IMI he was Senior Associate & Head in Standard & Poor's research group, Senior Fellow at the Indian Council for Research on International Economic Affairs (ICRIER) and Senior Associate Editor at Business Standard Limited, all in New Delhi. Between November 2011 and February 2012, he was an Emerging Leaders Fellow at the Australia-India Institute at the University of Melbourne.

Dr Anantaram holds a Masters degree in Physics from the Indian Institute of Technology, Mumbai. His subsequent training was in Public Policy & Applied Economics, first at the Maxwell School of Citizenship & Public Affairs, Syracuse University where he obtained an M.P.A degree and later at the University at Pittsburgh, where he obtained a PhD in Public Policy and Applied Economics.

Dr Anantaram's primary research interests are in the areas of International Trade and Capital Flows, particularly Foreign Direct Investment. His more recent interests include the role of science & technology policies in fostering innovation-led growth in East Asia.

Kalpana Tokas

Kalpana Tokas is currently working as an Assistant Professor in Economics at IMI Delhi. She is a Fellow from Indian Institute of Management, Bangalore in the Economics and Social Sciences Area. Prior to this, she pursued her Master's degree in Economics from Gokhale Institute of Politics & Economics, Pune and her Bachelor's degree in Economics from University of Delhi. She has qualified the UGC-NET Exam in Economics and was also awarded JRF by UGC.

Dr. Tokas has presented her work in many national and international conferences and has received best paper awards at several of them including COSMAR at IISc Bangalore, the PhD Consortium at SJMSOM, IIT Bombay, the 15th AIMS International Conference at IMT Ghaziabad and the Young Scholar's Conference at Centre for East Asian Studies, JNU. Her primary research interests lie in the fields of International Trade, Regional Integration, Global Value Chains, International Production Networks, trade in services and International Business. Studying the implications of Preferential Trade Agreements (PTAs) with 'deeper' and 'new age' provisions on trade flows at aggregated and sectoral level forms a substantive core of her current research. Her current research also involves exploring the opportunities and challenges for the Indian IT-ITeS firms in Japanese and Korean markets, in the form of differences in industrial organization, ways of doing business as well as linguistic and cross-cultural barriers.

FINANCE

Aman Srivastava

Dr Aman Srivastava, Professor (Finance) at IMI, has over twenty years of experience in research, teaching and corporate training. He has trained Government officers and corporate executives of more than 50 countries. He has conducted training programmes for executives of ONGC, Oil India, Indian Oil, HPCL, GAIL, NTPC, NHPC, SJVN, Coal India, SAIL, NALCO, MCX, RAIL Tel Corporation, HUDCO, MSME, TCIL, AC-Nelson, Greenfield.com, Standard Chartered Bank, NAFED and much more. He has published research papers and cases in national and international journals including Theoretical Economics Letters (TEL), International Journal of Theoretical & Applied Finance (IJTAF), Asian Economic Review, Global Business Review, Asia Pacific Business Review, Decision and much more. His areas of specialization are corporate finance, risk management, mergers & acquisition and investment & wealth management. He has participated in training programmes of Harvard Business School, Richard Ivey School of Business and AACSB International, USA. He was awarded for his cases and research papers by Strategic Management Forum at IIT Mumbai and IIT Kanpur. He can be reached at: <aman@imi.edu>.

He is recipient of several Academic awards from various Institutions of repute.

Harshita

A Certified Financial Risk Manager (FRM), Dr. Harshita earned her Ph. D. in Finance from IIT Delhi in the area of asset pricing and market efficiency. Her Alma Mater also includes Shri Ram College of Commerce, University of Delhi. She is a certificate holder of CFA Institute's Investment Foundations. She had been awarded Junior Research Fellowship from the University Grants Commission for pursuing research anywhere in India. She is also an awardee of CBSE Merit Scholarship for her outstanding academic performance.

She has published journal articles with publishers of international repute, and acts as reviewer for a few journals. She is a recipient of Emerald Literati Award for Outstanding Paper. She has presented papers at prestigious institutes and societies, both nationally and internationally. She has played the roles of reviewer as well as discussant for conferences. She has received travel grant from the Research Promotional Fund of IIT Delhi for paper presentation at an international conference. She has attended FDPs, MDPs, summer schools, and workshops at institutes of international repute. She has also attended a one-week program on Financial Strategies for Value Creation at Nanyang Business School, NTU, Singapore.

Her research interests are in the areas of Asset Pricing, Information and Market Efficiency, Risk Management, and Contemporary Issues in Finance.

She has more than 4.5 years of experience in industry and academia. Prior to joining IMI, she has been associated with IMT Ghaziabad, FORE School of Management and Tata Power-Delhi Distribution Ltd.

Himadri Das

Dr. Himadri Das is the Director General of IMI, a role he took on in October 2018 on his return to IMI after being away for almost six years. During the time he was away he first served as Director of Great Lakes Institute of Management Gurgaon and then as Director of MDI Gurgaon. In his first innings at IMI New Delhi he spent eleven years as Professor of Finance and Information Systems, in addition to taking on a variety of leadership roles out of which five years were as the Dean (Academic Programs). Prior to these academic roles, he has about thirteen years of corporate experience mainly in the IT products and services industry, in the US and India, for software multinationals involved with products for engineering and financial applications.

He has been a Visiting Professor at the University of Luxembourg, the University of Tampere in Finland, and the Grenoble Graduate School of Business in France.

He has a B.Tech. and MBA from IIT Delhi and an M.S. and Ph.D. from the University of Virginia, USA.

Monika Chopra

Monika Chopra is a CFA from CFA institute USA. She has done PhD in Finance from Guru Gobind Singh Indraprastha University, Delhi and M.B.A (Finance) with distinction from Guru Nanak Dev University, Amritsar. Previously, she was associated as a faculty at Lal Bahadur Shastri Institute of Management, New Delhi and has a total teaching Experience of 15 years. She is also a regular member of CFA institute and volunteer in the core committee of CFA Institute Research Challenge in India. Several of her cases have been published at Harvard and ET cases. She has written various research papers which have been published in national and international journals. She is also a co-author two books viz. "Financial Markets, Institutions and services" and an edited book on "Indian Capital Market: An Empirical Study." She has also contributed portfolio solutions in the Portfolio Doctor column for Economic Times wealth edition.

She has conducted various workshops on Finance for Non Finance Executives and various MDPs on Issues like Business Valuation as well as organized series of National Conferences on Indian Capital Markets. Her teaching interests include, Security Analysis, Portfolio Management, Corporate Finance, Business Valuation & Financial Analysis.

R. K. Arora

Ravinder Kumar Arora is currently a professor of Finance and Accounting at International Management Institute, New Delhi. He has a Bachelor of Commerce Degree with distinction from Panjab University, an MBA Degree from University Business School, Chandigarh and a doctorate from Indian Institute of Technology, Delhi. He is also a fellow member of The Institute of Cost Accountants of India and The Institute of Company Secretaries of India. He has authored three books in the area of financial accounting, managerial accounting and risk management. He has more than three decades of industry, teaching, and research experience. He has published his research in premier national and international journals.

Ramachandran K

Ram has got more than 30 years of banking/banking-related experience cutting across organisations. He was with the banking industry (Canara Bank, State Bank of India and the Reserve Bank of India) in different capacities. Then he worked with one of the premier newspaper group (The Hindu) as Banking Researcher/Commentator. He had carried extensive journalistic research on banking industry/bank regulation/bank supervision during his innings with the publication. He had authored around 250 articles (including editorial pieces) in the newspaper on related topics.

He had a stint of almost four years in the Banking Software industry (including Polaris Software Lab). He had been a corporate trainer & consultant in the arena of Banking for more than 10 years. In that role, he had conducted training programmes/MDPs on various topics related to Commercial Banking/Central Banking/Financial Services/application of technology in Banking for around 350 batches of professionals working in different banks/banking software companies/banking BPOs, both in India and abroad. Besides he had been a domain consultant for some of the largest BFSI software companies in India for years. Side by side, he co-founded and nurtured a technology start-up venture in Chennai for three years.

For almost four years (split into two stints) he was with the Goa Institute of Management (GIM) as Professor of Banking & Finance. He handled a host of courses on topics related to Banking/Central Banking/Financial Markets/Finance. He was the Head of Corporate Training & Consulting during his stay in GIM.

STRATEGY & GENERAL MANAGEMENT

Ashutosh Khanna

Dr. Khanna holds a PhD in Innovation and Information Systems from the Department of Management at the London School of Economics and Political Science (LSE), London, U.K. He further has an MSc in Analysis Design & Management of Information Systems from the LSE, U.K. and holds a Bachelors of Engineering in Computer Engineering from Mumbai University.

He has over 15 years of rich experience in consulting, academia and entrepreneurship in U.K., Europe and India including Business Start-Ups, Innovation Strategy, Intellectual Property & Rights Management, and Corporate Web 2.0.

Currently he is working with large Central Public Sector Enterprises of India, exploring their Innovation Capacities with the intent of redefining and hence developing their Innovation Strategy to enhance their competitiveness and grow sustainably.

He is passionate about promoting Entrepreneurship; use of mobile phones as a service delivery platform for its potential reach and providing a possible solution to the problem of "access" in the digital divide debate; and issue of privacy in this the digital age.

He has a voracious curiosity in current affairs, history and financial/credit/currency crisis still unfolding in the western economies (unintended consequences of "financial innovations"). He holds keen interest in videos and lectures available on the web and tracking the "commoditization" of high quality educational content and thus its impact on education delivery systems.

Sonu Goyal

Dr. Sonu Goyal is a Professor of Business and Corporate Strategy at International Management Institute, New Delhi, since December 2008. Prior to that, she was a Professor of Business Strategy at IMT, Ghaziabad. She has done her Ph.D from the Faculty of Management studies, University of Delhi in the area of Strategic Management. Her doctoral research focused on the growth strategies of the Indian IT service companies and their business model. In her current capacity as Dean (Career Development and Alumni Services) she is ensuring high level of industry and alumni engagement for quality placements and industry exposure for the students across all two year programs at IMI, New Delhi. She also held the position of Dean International Relations and Exchange Programs where she strengthened IMI's international footprint through academic partnerships. She has held important administrative chairs as a Program Director, and Area Head for Strategy and General Management.

She has been using case methodology as the key pedagogy for all her subjects and has rich case writing experience on diverse managerial challenges. She participated in the Global Colloquium on Participant Centered Learning at Harvard Business School at Boston in July 2012 and Harvard Center at Shanghai in March 2013. She has also been engaged in Faculty development Programs on case writing and teaching methodology. Her cases have been published in various books and journals such as Vikalpa, an IIMA journal, Ivey Publishing Case Center and Emerald Emerging Market case Studies.

Dr Goyal has deep academic interest in Sustainable Development and CSR. She has chaired an International Conference on 'Green Competitiveness for Sustainable Development' in collaboration with George Mason University, USA and Monash University, Australia in 2007. She has also edited a book on 'Green Business'. She was the coordinator for CSR training for select CPSE's of Northern India, identified by the Department of Public Enterprises, from 2010 till 2013. She has been a consultant for developing CSR policy and conducted impact assessment for CSR projects undertaken by companies. She has immense research and teaching interest in the area of social development. Her current research focuses on Innovative interventions for livelihood promotion in the informal economy.

She has been the faculty for Doing Business in India course for the Omnium Global Executive MBA Program of Rotman School of Management, University of Toronto, Canada and St. Gallen University from 2010 till 2019. She has facilitated top management training programs and sessions on Strategic Thinking, Execution & Organizational Effectiveness, Global Competitiveness, CSR and Sustainability for some of the leading Indian business organizations such as ONGC, HAL, GAIL, PGCL, NTPC, CSC India, Moser Baer, Jindal Steel and Power, NHPC, AAI, EIL, DOT, CSIR, IOCL, NLC, IRCON etc. She has been the Program Director for a short duration certificate course on 'Strategic Management and Sustainable Development for Emerging Markets' since 2013 for the international participants under the MEA, Govt. of India sponsored ITEC program. She spearheaded the program on Entrepreneur's path to Global Expansion in collaboration with Department of Industrial Policy and Promotion and InWent Capacity Building International, Germany for Indian entrepreneurs in 2009. She has been an active member of the National Entrepreneurship Network (NEN) and a certified Goldman Sachs - NEN Scholar.

Professor Goyal has held formal faculty position in the area of Strategy at the Institute of Management Technology, Ghaziabad and the ICFAI Business School, Bangalore. She was associated with IIM Bangalore as a Project Associate; and as a full time Research Associate with Times Research Foundation, Pune, where she developed strategy cases based on field research in the Pimpri Chinchwad Industrial belt. She has also held a position of Product In-charge at Bennett Coleman and Company Ltd. a leading Indian Media house. She has more than 25 years of teaching, research, consulting and industry experience.

2020	245	51	47	19	5	5

11. Admissions Procedure

IMI's admission process is rigorous and competitive and is based on the performance of students in the Common Admission Test (CAT) exam conducted by IIMs. For the 2-year programme, the cut off for inviting students for interview was around 88% in 2021 admission process. It is fair to say that one of the key attributes of a quality institution is the manner in which the admissions are done. IMI has long recognized this and continues to base admission on a strong process. Internal research on admission is used as a basis for changing the criteria for admissions to not only strengthen this but also to make this fair and equitable across all potential candidates. Prof. Emeritus Baldev Shurma and Prof. V. Chandra of IMI, New Delhi conducted a research between 2007 and 2010 and came up with the findings which indicated insignificant correlation between the CAT score and class performance of the students. This led to the change in the admission criteria. IMI has been using CAT scores for short listing purpose of the candidates. IMI follows the guidelines and instructions issued by the regulatory authority AICTE in this regard. Following short listing of candidates after the CAT exam a rigorous process of selecting the right candidate is conducted across the country. The qualities that are assessed among students inter alia include communications skill, academic performance, work experience, achievements and other interests. The interview process routinely utilizes the services of industry leaders, managers from both, public and private sectors, opinion makers and of course senior alumni. Since IMI students will be working in the industry, the input of managers and alumni provides crucial link between the selection process and the need of corporate India. Alumni have welcomed this input of selection since it enables them to not only be a part of growing IMI family but also give back something to their alma mater that nurtured them in their formative years.

The quality and rigor of the selection process can be gauged from the fact that placement of IMI students has been 100% and industry has readily grabbed students from IMI at high and ever increasing salaries. Admittedly high salaries are not the only indication of quality of students; other indicators are the contribution made by our graduates to the cause of business and society. This has been described in more detail later.

Important Dates (Batch 2021-23)

Event	A.Y. (2021-23)
Application form opening date	5 th September 2020
Application form closing date	14 th December 2020
Application form second opening date	3 rd January 2021
Application form second closing date	27 th January 2021
CAT examination date	29 th November 2020
CAT result declaration date	2 nd January 2021
Interview shortlist release date	5 th February 2021
Final offer date	2 nd April 2021
Last date of fee payment	17 th April 2021
Date of Commencement – PGDM	1 st July 2021
Date of Commencement - HRM & BFS	1 st July 2021

Admission Process**Admission Test****CAT**

- Admission to the programs is through the Common Admission Test (CAT) - 2020 conducted by Indian Institute of Management, Indore at different centers all over the country.
- IIMs have no role either in the selection process or in the conduct of the program.

GMAT

- Candidates with Foreign Nationality are also eligible, based on their GMAT scores, provided they have taken the GMAT test not earlier than January 2019 and not later than 20th January 2021.
- Candidates will be required to furnish their GMAT scores while applying and provide a self-attested copy of the GMAT score sheet to the Admissions Office for verification at the time of personal interview.
- Candidates appearing for GMAT or no GMAT score while applying can enter numeric '0' in the GMAT score field and should email their score card immediately after the test

to admissions@imi.edu. GMAT scores without the above document will not be accepted and the application may be summarily rejected.

Selection Process

Shortlisting Criteria

Candidates who have appeared for the CAT 2020 examination or furnished valid GMAT score and have applied to IMI New Delhi will be shortlisted on the basis of information provided in the application form, CAT scores or GMAT score, educational background, marks in 10th, 12th, graduation and work experience, if any. Only shortlisted candidates will be called for the final stage of the selection process.

Applicants should note that mere fulfillment of minimum eligibility criteria may not ensure consideration for shortlisting by IMI New Delhi. IMI New Delhi will not entertain any correspondence on this subject and decisions of the IMI New Delhi Admissions Committee will be final in all matters.

Selection criteria

Past academic performance in graduation, class XII & X, Individual Assessment (Essay Writing and Personal Interview etc.) besides other qualitative parameters, like quality of work experience and extra-curricular activities will constitute the core components of the final stage of the selection process. The IMI New Delhi Admission Committee reserves the right to modify these components while communicating these to the applicants at the Individual Assessment stage. The overall objective will be to identify and assess the candidate's potential for a managerial career.

Company sponsored Candidates:

- IMI New Delhi accepts applications from Company sponsored candidates, within the approved strength of the program. These candidates will also be assessed as per the selection process described above.
- Candidates being sponsored by their respective companies must submit a letter from the sponsoring organisation, to this effect and undertake to pay all fees and dues from time to time, during the complete duration of the program. This letter/undertaking will be required to be submitted at the Personal Interview stage.
- **Candidates who are sponsored by their organisation will not be eligible for receiving any placement assistance from the Institute's placement cell.**
- The fee structure for such candidates is given separately along with the fee structure for general candidates.

Based on the short listing, applicants will be called for a Personal Interview to assess their suitability for the Program. Interviews will be held during February/March (tentative).

Withdrawal and refund policy

As per AICTE rules, in the event of an applicant withdrawing before the starting of the program, the wait listed candidates would be given admission against the vacant seat. In such a case the entire fee collected from the student, after a deduction of the processing fee of Rs.1000/- (Rupees one thousand only), shall be refunded and returned to the candidate withdrawing from the program. However, should a student leave the program after **commencement** of the course and if the seat consequently falling vacant is not filled by another candidate, for whatever reason, only the refundable components of fee shall be returned to the candidate. However a student withdrawing from a programme up to 30th June, 2021 irrespective of whether the seat fallen vacant filled by a waitlisted candidate, the entire fee collected after deduction of Rs.1,000/- will be refunded.

12. Criteria and Weightages for Admission (2021-23 batch)

The following criteria will be used for final selection:

Parameter	Maximum Marks
CAT/GMAT	35
Individual Assessment	30
Diversity	5
Work Experience	10
Academics	20
Total	100

Following criteria was used for assessing the candidate at the time of Personal Assessment (PA)

Parameters	Maximum Marks
Behavior & Attitude	5
Written Communication	5
Verbal Communication	5
General Awareness	6
Subject Knowledge	6
Extra-Curricular Activities	3

Total	30
-------	----

Break-up of Academics marks will be as under:

Parameter	Maximum Marks
10 th	4
12 th	6
Graduation	10
Total	20

13. Information of Infrastructure and Other Resources Available

Land and Building details are given below (Total land area and covered up area with details of rooms, conference halls etc.)

Total area of land 2.5 Acres.

i) Administrative Building

Category	Built up area in sq. ft.
Total area	141483.24sqft
Class rooms	19393.28sq.ft
Library	5500.36 sq. ft.
Computer center	1782.6 sqft.
Hostel boys/staff/girls	44718.56 sq ft.
Residential area for faculty/staff	66960.9sq.ft (Hostel & Staff Housing)
Sports and recreation facility	3228 sq ft.
MDP/conference facility	1759.26sqft (Workshop)
Mess/canteen/stores	3538.45 sqft.

ii) Academic & Faculty Building:

Category	Numbers
Faculty Chambers	47
Class rooms	14
Seminar halls	5
Auditorium	1
Library halls	2
Research Scholars Class room	3
Overhead projectors	18
Computer labs	2
Recreation centres	3
Clinic/stores/pharmacy	1

Fire Safety Measures

The Institute has six buildings. All six buildings have been checked by the competent authorities of Delhi fire services for compliances on fire safety. Fire safety certificates for the buildings have been issued and are available in the Institute records.

Classrooms & Learning facilities

The aesthetically designed IMI-D's campus offers a stimulating atmosphere, conducive to all round development of a participant and also facilitates fervid cross-functional learning.

The campus is equipped with the newest technology to ensure that the students receive a world class environment to harness their capabilities. The centrally air-conditioned academic complex consists of spacious lecture halls, the Tata Chemicals Computer Centre, BOC Conference Room, RPG Auditorium, Williamson Magor Library, Faculty Chambers and Administrative Offices. All lecture halls have access to latest presentation equipment such as DLP Multimedia Projectors, Laptop Notebook Computers, Electronic Copy Boards, OHP Projectors, Internet and Intranet Connectivity and a State-of-the-Art Sound System providing for a unique/wholesome complete classroom experience.

RPG Auditorium: - The state-of-the-art auditorium provides a centre stage for conducting guest lectures, speaker sessions, events and batch-meets with a sitting capacity for the whole batch. It serves as a common place through which plethora of activities, initiatives are conducted and organized within the campus.

IMI-D ensures an all-round development of each participant through this healthy juxtaposition of various facets of learning inter-mixed with cutting edge technology on campus, facilitating, both, the professors and the students in their quest towards excellence.

Library

The Williamson Magor Library and Information Service (WML) offers access to a wide range of both printed and electronic sources with an increasing emphasis being placed upon electronic delivery of information to users. The WML aims to support the diverse information needs of all our Students, Faculty, Researchers, and staff through the provision of high quality Information resources and services. The library is fully automated. The WML has a stock of about 40350 books (hard copy + e-books) covering not only all aspects of business and management, but also related areas such as economics, accounting, finance, the behavioral sciences and information technology. Moreover, there is a substantial collection of reference books.

The 5898 periodical titles subscribed [online + hardcopy versions] by the WML are vital sources for academic research and up-to-date business information. Most Journals are available electronically through the Business Source Complete [EBSCO], Emerald e-Journal Premier collection, SAGE, ScienceDirect, JSTOR, and INFORMS databases. A number of daily and weekly newspapers from different parts of India and abroad are also available.

Besides, IMI-D library is also having a good collection of digital video resources such as BBC Worldwide Training programs etc.

A Library Committee, headed by a senior faculty member, provides guidance to the library to undertake the activities of this vital resource and constantly engages with other stake holders in keeping the domain contemporary. The emphasis of the same is being more on quality of service than merely quantity.

Library & Information Services rendered as of now are as:

- Circulation/Reservation/Reprography
- Reference Services
- Current Awareness Service-
- Top News of the Day
- Prime Picks-Emerald
- TOC Alerts
- Indian Economy Today
- Contents Pages in Management
- New Arrivals (Books/Reports)
- Information Research Assistance
- Inter Library Loan Services
- Compilation of Bibliographies (on demand)
- Orientation

Electronic Resources

An extensive collection of Electronic Resources is available, both on and off-Campus, including E-Journals, articles, company data, industry reports, and country information:

Business Source Complete (EBSCO) is world's definitive scholarly business database, providing the leading collection of bibliographic and full text content. As part of the comprehensive coverage offered by this database, indexing and abstracts for the most important scholarly business Journals back as far as 1886 are included.

Emerald e-Journal Premier Collection: Emerald Management is the largest, most comprehensive collection of peer reviewed management journals, also backed by a management-specific abstracting service of world's top 312 journals [contains 312 full text Management Journals].

INFORMS PubsOnLine – The Institute for Operations Research and Management Sciences (INFORMS), is the largest society in the world for professionals in the field of operations research, management science, and analytics. [contains 14 full text Journals].

JSTOR: JSTOR is a digital library of more than 1,500 academic journals, books and primary sources. JSTOR archives collections are multi-disciplinary and discipline-specific collection that

includes complete runs of journals. These collections span across more than 50 disciplines of academic content.

SAGE Journals Online: Sage Management and Organization Studies is a comprehensive online package offering electronic access to 121 peer-reviewed Management journals published by SAGE and participating societies. This online database includes 22000+ full text articles and up to 10 years of backfile access. More than 36% of the journals included in this collection are ISI Ranked Journals.

ScienceDirect: Elsevier's extensive and unique full-text collection covers authoritative titles from the core Business and Management literature including high impact factor titles. It includes electronic access to full text of 98 peer-reviewed Journals published by Elsevier.

ACE Equity: ACE Equity database covers all companies listed in Indian Stock Exchanges. Data includes financial and non-financial information of companies and Sector. It covers Company, Sector and Business Groups as verticals.

Bloomberg Lab: The Bloomberg Professional service is a powerful and flexible tool for financial professionals- whatever their needs- in markets as diverse as equities, currencies, commodities, money markets, government and municipal securities, mortgages, indices, insurance, and legal information. The Bloomberg Professional service seamlessly integrates the very best in real-time data, news and analytics (8 Bloomberg Terminals).

CRISIL Industry Plus: Presents a detailed and comprehensive analysis of the current trends and the long term performance outlook on 70 industries and 2000 corporates, plus research reports on super 16 niche and emerging sectors. It includes the evolution of the industry, the regulatory environment, cost structures, nature and extent of competition, global trends along with statistical information on capacities, production, imports-exports, domestic and international prices, and consumption patterns.

Economic Outlook (CMIE): Economic Outlook provides information on the Indian economy. It delivers these inputs in the form of data, news, analysis and projections. Over 2.4 million time series are presented in Economic Outlook in intelligently laid-out tabulations. Economic Outlook also provides CMIE's views on the current and future trends of the Indian economy. These views are supported by data and 5-year statistical projections.

ET Prime: ET Prime provides deep, sharply researched, an insight-rich analysis that fills the gaps in the news flow. ET Prime specialized teams track technology, media, telecom, pharma, automobiles, economic trends, and even climate change, to bring to readers immersive long reads that unravel the hidden trends and issues that are shaping our world.

Euromonitor International-Passport: Passport is Euromonitor International's award-winning global market research database providing strategic analysis on industries, countries, and consumers and companies. Euromonitor research provides complete view of the global industry and economic landscape in more than 200 countries and 1150 cities, providing actionable

insight. Passport provides uniquely standardized research for all countries, based on consistent definitions of coverage and consistent market measurements. Macro model provides forecasts of GDP, inflation, interest rates and unemployment for the world's major economies.

EPWRF India Time Series: EPWRF provides time series data on financial markets, banking statistics, domestic product of states of India, price indices, agricultural statistics, power sector, industrial production, etc. It also includes economic and market reviews and research notes on Indian macro-economy and financial markets.

FT.com: The database provides access to not only FT newspaper, it's also home for business intelligence on the web, providing an essential source of news, comment, market information, data and analysis for the global business community.

Indiastat.com: Indianstat.com is a cluster of 51 sites including India-specific, sector specific and State specific sites rendering its dedicated services to the research fraternity from academic, professional and corporate world with authentic and comprehensive compilation of secondary level socio-economic statistical data about India and its states on more than 35 variables. It covers wide range of information on the subject like Science, Technology, Agriculture, Industry, Statistics (Socio-Economic data) etc.

Prowess IQ [CMIE]: CMIE Prowess IQ (Interactive Querying) provides the financial performance of Indian companies. It covers 49,969 companies' financial data. It is internet-based application for Querying CMIE's database on performances of listed and unlisted companies. It also provides charting tools and well-formatted reports on performances of companies. The reports give financial information including analytical ratios and benchmark comparisons. Source documents such as annual reports, interim results, and ratings rationales also accessible through this database.

States of India [CMIE]: Provides comprehensive compilation of state level statistics. Statistics is sourced from official documents of state government. The database includes socio-economic indicators of all the states.

WARC: WARC is the world's leading source of business marketing and advertising case studies. Subjects have very broad appeal including latest hot topic like brand strategy, sustainability, digital and social media.

IT Infrastructure

IMI, New Delhi has a state-of-the-art computing facility for the students on campus. The Tata Chemicals Computer Centre has five servers (IBM, HP) with latest Windows Server operating environments. The campus has a network of more than 400 computers, and is Wi-Fi enabled to ensure mobile computing at all locations including hostel rooms, amphitheater and canteen. The campus has a 600 MBPS, 24-hour high-speed internet connectivity.

IMI Campus has two exclusive high-tech computer labs. These computer labs are equipped with more than 100 (HP) computers having latest technology for on-line classes and practice sessions. High-speed laser printers and Color Laser Printers are available for printing purposes.

The software library includes latest software like Windows 10, Office 365, SmartPLS, Nvivo, Solver (XLMiner), Visual Studio, E-views, MS Project, SPSS, MSDN Academic License, Quick Heal End Point Security Server Client Editions, SAP, Corel Draw, Photoshop etc.

Entire IMI, New Delhi campus is enabled with Wi-Fi which uses Ruckus Indoor & Outdoor Access points with Wi-Fi Zone Controller 3000 Series.

The IMI Campus network is protected with Sophos XG430 – Application based firewall with fail- back technology.

Online assessment software is installed on the network to facilitate grading, online feedback, online quiz, and online attendance. For the purpose of viewing student performance, the staff, faculty members and the students themselves have been provided with login id's, through which they can access the network-based software, at any location within the campus.

Each faculty member is provided with a HP laptop and a LaserJet printer to ensure that their best gets delivered to the students. All research associates, secretaries, library, accounts and administration staff is provided with a latest HP personal computer.

IMI has a Web interface, which is accessible at <http://www.imi.edu/> and an Intranet for all internal users.

Total Nos. of Computers (HP/IBM)	252 Computers (including Server, Desktops & laptops)
Computer Lab	Two computer labs having 120 desktop computers with Heavy duty Color Laser Printer/Scanner/Photocopiers
Type of Internet connection	Leased Line
Connection Speed & ratio	600 MBPS 1:1
Wi-Fi	IMI Campus is fully Wi-Fi using Ruckus Indoor & Outdoor Access point with Wi-Fi Controller.
Learning Material	Student ERP (Online Learning & Teaching), IMI Website, Intranet, Online Admission
Microsoft Software	Microsoft Campus Agreement Program

Security	Sophos XG430 UTM box with fall back internet
Anti-Virus	Seqrite Endpoint Security 7.1

Learning Management System

Online Learning & Teaching (OLT)

IMI-D uses software called Online Learning & Teaching (OLT) system for supporting academic processes. The system helps in evaluation and grade finalization of students and also analyses online feedback of faculty given by the students. Each program has a dedicated staff to provide administrative support to it. They also use OLT for managing the data regarding visiting /guest faculty, entering of marks and attendance on the Online Learning & Teaching (OLT) system and general co-ordination for the program.

Online Executive Education

IMI-D has recently joined hands with Tech Mahindra, an undisputed leader in the field of technology and technology development to deliver online executive education programs. The fast paced life that corporate executives face today with mounting pressures of achieving targets and growing their business activities, there isn't much time that is left with them for value addition. Our online endeavor intends to serve the needs of such professionals who are hard pressed for time but have a strong desire for value addition. The first program in this sphere was an Executive Business Management Program for Technical Professional which will be followed by a series of function- specific competence focused programs as well as a few general management courses that would vary in duration from three months to eighteen months. The Table below provides the details of online executive programmes conducted between 2015-2019.

Online Executive Programmes conducted between 2015-2019

Sl. No.	Programme	Date	No. of Students Enrolled	No./Name of Faculty Members
1	Executive Programme in Digital Marketing (Batch 01)	June, 2015 to October, 2015	39	Prof Neena Sondhi

Hostel

The modern aesthetically designed residence at IMI-D forms an integral part of the academic and social life. Besides promoting group study and learning outside the classroom, the residential all rooms AC. Accommodation also enables participants to optimally utilize IMI-D resources like the library and computing facilities with Internet and intranet available in all the hostel rooms.

The residence provides students with excellent mess facilities, well-furnished rooms and recreational facilities including a modern air-conditioned gymnasium. The Amphitheatre is the venue of most social activities such as “Kritva” the annual management festival of IMI-D ,India.

Rooms are furnished and allotted on a double occupancy basis. Preference is given to outstation or foreign students on a first-come-first-served basis.

Sports Facility

The Sports Club at IMI-D works with a vision to inculcate a healthy and competitive sporting spirit in the students amidst intensive academic rigor. In this endeavor, it organizes numerous intra-college events round the year, facilitates participation of students in sports festivals at the

management collegiate level and undertakes the responsibility for maintenance of sporting facilities within the college.

The major intra-college events of the club include; Spardha – the year-round multisport intra-sectional tournament which is its flagship event and Premier League – the multisport tournament based on IPL. Alongside other activities, the club regularly conducts matches for students, staff and faculty members. Additionally, it organizes events during the Independence Day week, Republic Day and “Kritva” – the annual cultural fest at IMI-D.

Indoor Sports Facilities

GYM, Snooker , Foosball Table , Table tennis, Chess, Caromboard.

Outdoor Sports Facilities

Basketball, Volleyball

Medical Facility

IMI-D has tie ups with hospitals like Rockland and Siram Bharti which are nearby the institute to take care of any emergency. Doctor is available thrice a week. Currently Dr. Ajit M Tamhane is appointed as IMI-D doctor and his visits are scheduled at every Tuesday, Thursday, and Friday. Medical facility and first aid kit are available 24 X 7 at campus for the safety and concern of its students.

The Institute has also empaneled an expert counselling agency by the name of Your DOST which has a significant experience, professional expertise and a large client base of similar clients to provide online and face to face counselling to students for their psychological wellbeing and a disease free mind.

Employees are covered by a comprehensive Top-up Medical Insurance to meet all kinds of exigencies.

INDEPENDENT AUDITOR'S REPORT

To the Board of Governors of International Management Institute

Report on the Financial Statements

We have audited the accompanying financial statements of International Management Institute ('the Institute'), a society registered under the Societies Registration Act, 1860, which comprise the Balance Sheet as at March 31, 2018, the Income and Expenditure Account for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position and financial performance of the Institute in accordance with accounting principles generally accepted in India, including the Accounting Standards issued by Institute of Chartered Accountants of India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Institute's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the Balance Sheet, of the state of affairs of the Institute as at March 31, 2018; and
- (b) in the case of the Income and Expenditure Account, of the excess of income over expenditure for the year ended on that date;

INDEPENDENT AUDITOR'S REPORT

To the Board of Governors of International Management Institute

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of International Management Institute ('the Institute'), a society registered under the Societies Registration Act, 1860, which comprise the Balance sheet as at March 31 2019, the Income and Expenditure Account for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Institute as at March 31, 2019, Income and Expenditure Account for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs). Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Institute in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Responsibility of Management for the Financial Statements

The Management is responsible for preparation of these financial statements that give a true and fair view of the financial position, financial performance in accordance with the accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Institute and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the

economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Institute's internal control.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ▶ Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

INDEPENDENT AUDITOR'S REPORT

To the Board of Governors of International Management Institute

Opinion

We have audited the financial statements of International Management Institute ('the Institute'), a society registered under the Societies Registration Act, 1860, which comprise the Balance Sheet as at March 31, 2020, and the Income and Expenditure Account for the year then ended, and a summary of significant accounting policies and explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Institute as at March 31, 2020, and of its financial performance for the year then ended in accordance with the Accounting Standards issued by the Institute of Chartered Accountants of India (ICAI).

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) issued by ICAI. Our responsibilities under those standards are further described in the Auditor's responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Institute in accordance with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the aforesaid Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the institute's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the institute or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the institute's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Society's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Society to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

15. Teaching & Learning Process

The FAIR Model (*Foundation, Application, Integration and Reinforcement*): Distinct from any other Business School, IMI believes in integrating the four phases as highlighted by the FAIR model in every academic module. In order to achieve this, the modules are designed so as to incorporate fundamental concepts in the initial phase followed by the application and subsequent integration with real life business situations.

Initially, participants work individually study in gas signed cases, reading material, completing exercises, extracting pertinent facts and identifying issues or concepts that require in-depth understanding. They are expected to contribute to the learning process by sharing accumulated knowledge and work experience through active discussion. Judicious blend of learning processes in addition to self-study are used at the Institute. These include the following:

Lectures and Discussions: Lectures by faculty are used to introduce concepts, techniques, issues and moderate the exchange of individual views. Performance in class discussion requires a high level of preparedness with sensitivity to others' point of view.

Case Studies: Case studies are an integral part of the learning experience at IMI.

Presentations: By working in small groups to develop and defend presentations, participants experience the challenges associated with group responsibility, collective decision-making and persuasive communication. The integrative module exercises typically lead to experiences that enhance participants' ability to express their ideas clearly and convincingly - a valuable personal asset in business life.

Situation Role-playing: To get fully involved, to experience the dynamics of practical management situations as well as enhance behavioural characteristics, role-plays with participants covering diverse managerial roles are carried out.

Computer Based Models: IMI uses integrated computer-based models and simulations, which are woven into the learning process.

Learning by Doing: Each participant is required to do a summer internship with a reputed business organization for 8-10 weeks at the end of the first academic year. During their elective courses students are encouraged to undertake live projects to synergise knowledge and its application.

Imaginative, Innovative and Inventive Learning Systems: Be it preparing a Porter's five forces model on Terminator Three, studying consumer behavioral patterns at local eateries or the nearest mall, or watching movies to understand latest management trends, IMI's classroom knows no boundaries.

15. Best Practices

- Green building certification undertaken with IGBC.

- Biometric Attendance
- Online Grievances & Complaint management system.
- Centralized Printing facilities.
- Emphasis on statutory compliances
- No smoking campus
- Very high standard of hygiene and quality catering in the Institute Mess
- Transparency, fairness and objectivity in dealings with all external stakeholders.
- Implementation of tuition fee waiver schemes to economically weaker section of society.
- Conduct of yoga and meditation for faculty staff and students.
- Empanelment of an expert agency for counselling and mental wellbeing through online and face to face counselling.
- High powered Industry Advisory Council (IAC) of very senior corporate executives for advising us on curriculum design.
