PROGRAMME ON LEADERSHIP

The IMI, Delhi, was part of a recent programme on leadership and managerial effectiveness at a global level. The Indian Technical and Economic Co-operation programme was an initiative of Ministry of External Affairs, conducted in International Management Institute, New Delhi. The programme aims at enabling global leaders to understand the diverse culture and develop relationships across countries to reduce conflict, increase tolerance and establish peace and harmony.

Organisational perfor-

mance, whether in the public or private sector, or NGOs, is dependent in many ways on the quality of leaders available to drive the organization forward to meet its purpose and achieve its goals respectively. Executives from different countries were shown *Gandhi*, which epitomises leaders and what it takes to be like one.

Speaking at the even Dr Pritam Singh, DG IMI talked about leaders like Martin Luther King, Nelson Mandela and Mahatma Gandhi and the common traits they shared.
